Time table – important notes

Dear Athletes,

we look forward to seeing you at Pferd International München 2026.

To make sure that our show in Munich runs smoothly, please take note of the following directions:

EHV Prevention (horses)

On arrival, for national horses, **if they are stabled with international horses: the 3-day temperature protocol of all horses** must be handed. For international horses please use the **FEI Horse App**.

The fever is measured on arrival by the rider / groom in the presence of the FEI veterinarian or a person authorized by him (bring your own thermometer). Once the horse has been stabled, it's mandatory to measure fever twice a day and enter this in the FEI Horse App (international) or form (national), which must be visibly attached to the box.

Health Paper

If you need 'Health Paper' for your horses, please let us know by thursday 9 a.m. and/or friday 9 a.m.

As some of you riders will participate in the CDI / CSI, the local veterinary authorities have asked the organiser to remind you that the horse/horses you are bringing to the event must be registered in TRACES which is the EU system for horse transport within the EU.

Please be advised that if your horse/horses are not registered in TRACES you might have trouble to transport the horse back.

Please be so kind and advise your riders accordingly. Thank you very much for your help.

Arrival and stabling The stalls are assigned by the stable masters.

Wednesday, 13.05. from 8.00 – 16.00

14.05. – 17.05. from 8.00 – 16.00
